### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Sisson on December 15, 2006.

The application has been amended as follows:

Claim 1, line 4, delete: --rear-- and -- section --

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: while the prior art teaches and discloses portable observation towers with personnel enclosures that are operated by a winch and cable system, the prior art does not teach or suggest one winch and cable system that raises a tower section from a horizontal position to a vertical position and also that same winch and cable system raises and lowers a personnel enclosure along the height of the tower section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
